## **Navicure Launches Educational Website to Connect Medical Billing Companies and Practices**

*BillingBetter.com™ features best practice tips and enables practices to search for billing company options*

**Atlanta, June 24, 2014**—[Navicure](#), a leading provider of cloud-based healthcare billing and payment solutions for hospitals, physician practices and billing companies, today announced the launch of [BillingBetter.com](#). The website provides educational resources to help billing companies and physician practices make better financial decisions and grow their revenue.

Included on the site is an online directory of billing companies that is accessible to all practices. The interactive directory allows practices to search for billing companies that fit the practices' needs based on geographic location, claim types processed and specialty (ies) served.

Additionally, the website includes resources such as webinars, white papers and tips sheets for both practices and billing companies. Each resource is complimentary and helps the respective readers implement more efficient billing processes to strengthen the bottom line.

"Many physician practices do not have the time or resources to devote staff members exclusively to the billing and reimbursement process and find that working with a billing company solves that difficulty. The challenge, though, is that many don't know what capabilities to look for in a billing company or where to start their search," said Phil Dolan, chief marketing officer of Navicure. "BillingBetter.com is a one-stop shop for these organizations. They can identify key capabilities they need to look for in a billing company and search the directory for those companies that meet the practice's criteria. BillingBetter.com is a simple solution to a very daunting task."

Visit [BillingBetter.com](#) to download billing-focused resources and to access the directory.

### **About Navicure**

Navicure's cloud-based healthcare billing and payment solutions help provider organizations increase revenue, accelerate cash flow, and reduce cost from managing insurance claims and patient payments. Serving over 50,000 healthcare providers nationwide, Navicure's technology solutions automate account receivables processes, including primary and secondary claims reimbursement; patient eligibility verification; rejected and denied claims management, including appeals; electronic remittance and posting; claims and remittance reporting and analysis; and patient statement and payment processing. Navicure's solutions are supported by its unique 3-Ring® Client Service which guarantees that a client service representative will answer every client call in three rings or less, even during times of transition such as 5010 and ICD-10.

Navicure is the exclusive revenue cycle solution of the MGMA AdminiServe® Partner Network and an MGMA Executive Partner. The company received "Best in KLAS" distinctions for the claims and clearinghouse services market segment as part of the 2008, 2010 and 2012 *Best in KLAS Awards: Software & Services* report ([www.KLASresearch.com](http://www.KLASresearch.com)). KLAS is a leading source of information on healthcare information technology vendor performance. Navicure also received the 2013 Gold Stevie Award for Healthcare Customer Service Team of the Year as part of the 2013 Stevie Awards for Sales and Customer Service.

Navicure is the founding sponsor of [www.icd10hub.com](http://www.icd10hub.com), a free educational website devoted to making physician practices' transitions to ICD-10 easier. Additionally, *ICD-10 Analyzer by Navicure* ([navicure.com/icd10analyzer](http://navicure.com/icd10analyzer)) is a complimentary online tool that enables medical billers to identify the ICD-9 codes that will most impact a user's payer reimbursement and suggest corresponding ICD-10 codes. Navicure continues to be ranked among the fastest growing companies nationally in the Inc. 5000 and Deloitte Fast 500 rankings. For more information, please visit [www.navicure.com](http://www.navicure.com).
