## **Navicure Announces New Partnership with ClinicTracker EHR**

*JAG Products selects leading patient pay and claims management solutions to enhance overall revenue cycle management offerings*

**Atlanta, June 4, 2015**—[Navicure®](#), a provider of web-based billing and payment solutions, today announced a new partnership agreement with JAG Products, LLC which offers ClinicTracker: A behavioral healthcare EHR and practice management system for Mental Health and Substance Abuse clinics seeking enhanced accountability and increased productivity. JAG has partnered with Navicure to improve revenue cycle offerings for ClinicTracker users, enabling them to increase efficiency and enhance both patient and payer revenue cycle operations prior to ICD-10 implementation on October 1, 2015.

Navicure helps healthcare organizations of all sizes increase revenue, accelerate cash flow and reduce costs of managing insurance claims and patient payments. To expand its ability to meet changing client needs and industry standards, ClinicTracker will now offer [Navicure® ClaimFlow™](#) and [Navicure® Payments™](#), which will enable current and future users to:

- **Estimate patient financial responsibility at the time of service** without having to enter or manage complex payer contracts, providing patients with price transparency.
- **Secure patients' commitment at the time of service** to pay their medical bills in their entirety or via an automatic payment plan, reducing future bad debt write-offs and increasing cash flow and revenue.
- **Collect patient balances after insurance adjudication** using securely stored card information, reducing the cost of patient statements and collection calls from hired agencies.
- **Manage the entire claims management process**, including patient eligibility verification; primary and secondary claims reimbursement; rejected and denied claims management; electronic remittance posting; claims and remittance reporting and analysis; and patient statement processing.

"With ICD-10 on the horizon, we were in search of a partner that provides innovative solutions and top-notch client service to ensure behavioral healthcare organizations have the tools they need to operate efficiently before, during and after the transition," said Joshua Gordon, CEO of JAG Products. "We are looking forward to a great collaboration with Navicure, and together we're already helping clients update their systems and processes to ensure they are ICD-10 ready."

"We're pleased JAG selected Navicure to help provide top patient payment and claims management solutions and services to their current and future clients, especially in preparation for ICD-10 when healthcare organizations are eager to protect their revenue cycles," said Jim Denny, co-founder and president of Navicure. "Like JAG, Navicure is

committed to meeting each of our clients' individual needs through industry leading client service, advanced technology and educational resources. We're excited to work together to help healthcare organizations improve their bottom line."

### **About JAG Products, LLC and ClinicTracker**

JAG Products, developer of ClinicTracker, BillingTracker, AlertTracker, ReviewTracker, and more, has been meeting the needs of mental health clinics since 1998. Its flagship product, ClinicTracker Connect, is an agency-wide solution that has won high praise for its intuitive interface, time-saving array of functions, and responsive support. All of JAG's solutions promote accountability, efficiency, and improved patient care. Learn more at [www.ClinicTracker.com](http://www.ClinicTracker.com).

### **About Navicure**

Navicure's web-based healthcare billing and payment solutions help healthcare organizations of all sizes increase revenue, accelerate cash flow, and reduce costs associated with managing insurance claims and patient payments. Serving more than 60,000 healthcare providers nationwide, Navicure's technology solutions automate account receivables processes, including claims management; patient eligibility verification; remittance and denial management including automated secondary claims filing, appeals, and posting; reporting and analysis; and patient payment collections at and near the time of service. Navicure's solutions are supported by its unique 3-Ring® Client Service which guarantees that a client service representative will answer every client call in three rings or less, even during times of transition such as ICD-10. Navicure is the exclusive billing and payment solution of the MGMA AdminiServe® Partner Network and an MGMA Executive Partner. For more information, please visit [www.navicure.com](http://www.navicure.com).
