Navicure Again Named To Deloitte's Technology Fast 500

Leading claims management vendor repeats among 150 fastest growing North American companies with 1329 percent growth

Atlanta, November 19, 2008—Navicure, a leading provider of automated, Web-based claims management solutions for physician practices, today announced it ranked number 149 on Deloitte's 2008 Technology Fast 500, a ranking of the 500 fastest growing technology, media, telecommunications and life sciences companies in North America. Rankings are based on percentage of fiscal year revenue growth from 2003–2007. Navicure experienced a 1,329-percent growth during this period.

"Deloitte's Technology Fast 500 recognizes companies who have achieved extraordinary growth in North America's most innovative and competitive market sectors," said Phil Asmundson, Deloitte LLP vice chairman and national managing partner for Technology, Media and Telecommunications. "We congratulate Navicure on this significant accomplishment."

Overall, companies that ranked on the 2008 Technology Fast 500 had growth rates ranging from 242 to 138,762 percent during the five year span, with an average growth rate of 3,043 percent. In 2007, Navicure ranked number 40 on the Technology Fast 500 list.

"We are honored to be recognized by Deloitte again this year," said Jim Denny CEO of Navicure. "Our company's growth would not be possible without the hard work of our employees and partners, and the loyalty of our clients. We certainly share this recognition with them."

The Fast 500 ranks the fastest growing technology, media, telecommunications and life sciences companies in North America. It is compiled from Deloitte's regional North American Fast 50 programs, nominations submitted directly to the Fast 500, and public company database research. Companies are selected based on percentage revenue growth from 2003 to 2007.

Entrants must own proprietary intellectual property or proprietary technology that contributes to a significant portion of the company's operating revenues or devote a significant proportion of revenues to research and development of technology. Using other companies' technology or intellectual property in a unique way does not qualify. Base-year operating revenues must be at least \$50,000 USD or \$75,000 CD, and current-year operating revenues must be at least \$5 million USD or CD. Companies must be in business a minimum of five years, and they must be headquartered within North America.
