

FOR IMMEDIATE RELEASE

Navicure Achieves EHNAC Healthcare Network Accreditation

HNAP accreditation ensures adherence to health data processing standards and compliance with security infrastructure and integrity requirements

Atlanta, August 7, 2015 – [Navicure®](#), a provider of cloud-based billing and payment solutions, announced today it has achieved full accreditation with the Healthcare Network Accreditation Program (HNAP) for Electronic Health Network (HNAP-EHN) from the [Electronic Healthcare Network Accreditation Commission](#) (EHNAC). EHNAC's HNAP accreditation recognizes excellence in health data processing and transactions, and ensures compliance with industry-established standards and HIPAA regulations.

Through the consultative review process, EHNAC evaluated Navicure in areas of privacy measures, systems availability and security infrastructure. In addition, EHNAC reviewed the organization's process of managing and transferring protected health information and determined that the organization meets or exceeds all EHNAC criteria and industry standards. Through completion of the rigorous accreditation process, the organization demonstrates to its constituents, adherence to strict standards and participation in the comprehensive, objective evaluation of its business.

"At a time of heightened regulatory concerns, it is responsible healthcare organizations such as Navicure that we applaud for taking the extra steps to ensure trust with all their stakeholders and customers that they're adhering to the latest standards in privacy, security and confidentiality," said Lee Barrett, executive director of EHNAC. "In order to earn EHNAC HNAP accreditation, organizations are required to demonstrate excellence and a commitment to ensuring the security and privacy of health data processing and transactions for their customers."

"Receiving EHNAC re-accreditation further demonstrates our commitment to improving business processes, advancing quality of service and ensuring HIPAA compliance," said Craig Bridge, chief operating officer for Navicure. "EHNAC has set the bar for quality in service delivery and results that is now expected and demanded in healthcare financial processes, and we will always strive to meet these exceptional standards."

About Navicure

Navicure's cloud-based healthcare billing and payment solutions help healthcare organizations of all sizes increase revenue, accelerate cash flow, and reduce costs associated with managing insurance claims and patient payments. Serving more than 60,000 healthcare providers nationwide, Navicure's technology solutions automate account receivables processes, including claims management; patient eligibility verification; remittance and denial management including automated secondary claims filing, appeals, and posting; reporting and analysis; and patient payment collections at and near the time of service. Navicure's solutions are supported by its unique 3-Ring® Client Service which guarantees that a client service representative will answer every client call in three rings or less, even during times of transition such as ICD-10. Navicure is the exclusive billing and payment solution of the MGMA AdminiServe® Partner Network and an MGMA Executive Partner. For more information, please visit www.navicure.com.

About EHNAC

The Electronic Healthcare Network Accreditation Commission (EHNAC) is a voluntary, self-governing standards development organization (SDO) established to develop standard criteria and accredit organizations that electronically exchange healthcare data. These entities include accountable care organizations, electronic health networks, EPCS vendors, eprescribing solution providers, financial services firms, health information exchanges, health information service providers, management service organizations, medical billers, outsourced service providers, payers, practice management system vendors and third-party administrators.

EHNAC was founded in 1993 and is a tax-exempt 501(c)(6) nonprofit organization. Guided by peer evaluation, the EHNAC accreditation process promotes quality service, innovation, cooperation and open competition in healthcare.
